CAREER OBJECTIVE

As an aspiring and proficient Computer Science and Engineering student with a strong academic foundation—reflected in my **3.82 CGPA**—I am eagerly seeking knowledge. I aim to leverage my background in software development and technical research to solve complex problems. I am looking for a challenging IT position where I can apply my programming skills and teamwork abilities to contribute to innovative, impactful projects that drive meaningful results.

EDUCATION

Bachelor of Science in Computer Science

American International University-Bangladesh (AIUB), Dhaka

- CGPA: 3.82 / 4.00
- 3× Dean's Academic Excellence Certificate

TECHNICAL SKILLS

- C++ — Data structures, algorithms, OOP
- C# — Desktop application development (.NET)
- Python — Scripting, automation, data handling
- Database & SQL — Relational database design, queries, stored procedures
- Java — Object-oriented development (project experience)
- Tools & IDEs: Visual Studio, IntelliJ IDEA, VS Code, MySQL Workbench

PROJECTS

Blood Bank Management System

C# / .NET | Academic Project — AIUB

- Developed a robust desktop application using C# and the .NET framework to streamline blood donation and distribution processes.
- Implemented real-time blood stock tracking, donor registration, and recipient request management with seamless SQL database integration.
- Designed a secure login system and automated alerts for blood bag expiration and critical inventory levels.

Rent a Car Management System

JAVA | Academic Project — AIUB

- Built a Java-based management system to automate vehicle rentals, including car availability tracking and customer booking records.
- Utilized Object-Oriented Programming (OOP) principles to ensure modularity, allowing for easy updates to vehicle types and pricing models.
- Developed features for automated billing calculation and rental history logging to improve operational efficiency.

RESEARCH PAPERS

Author of 3 research papers (manuscripts completed; pending publication):

- Research areas include computer science topics explored during undergraduate study.
- Papers demonstrate ability to conduct literature review, apply research methodology, and present technical findings.
- Prepared in compliance with academic publishing standards.

EXTRACURRICULAR ACTIVITIES

Volunteer — AIUB Drama Club (ADC)

- Contributed to the planning, coordination, and execution of 2 major events:
- Curtain Rise — Annual drama festival; handled logistics and on-stage coordination.
- ADC Nationals — Inter-university competition; coordinated team activities and event flow.
- Demonstrated leadership, teamwork, time management, and communication skills in high-pressure event environments.

ACHIEVEMENTS & AWARDS

- Dean's Academic Excellence Certificate — Awarded 5 times by AIUB for outstanding academic performance.
- Consistent top academic standing with CGPA 3.82 throughout the undergraduate program.
- Successfully co-organized 2 large-scale university events as a drama club volunteer.

CORE COMPETENCIES

- Problem Solving & Analytical Thinking
- Team Collaboration & Cross-functional Communication
- Event Coordination & Leadership
- Research & Technical Writing
- Self-motivated with a strong learning attitude

Declaration

I hereby declare that all information provided in this CV is accurate and true to the best of my knowledge.
